

Job Title: Java/Web Developer

Position: Full time

Reports To: VP, Delivery

Location: GTA, some travel required

Relocation: Not Available

Education: University degree/diploma in computers, engineering or a related discipline

Experience: 3-5 Years

Description: Join Architech Solutions as a Java/Web Developer. As a member of our core agile delivery team, you will help build inspiring solutions for a range of Canadian organizations ranging from startups and small businesses to F500 enterprises and national not-for-profits. Are you excited at the prospect of learning and working with the latest development technologies such as Grails and Groovy? Do you want to work in a driven agile team? Are you self-directed and comfortable working with the people that actually use your software? Join us to deliver great applications and be part of our fast-growing success story.

ABOUT ARCHITECH SOLUTIONS:

Architech Solutions is a privately owned, Canadian, technology company based in Toronto. As a leading end-to-end services company specializing in enterprise architecture, systems integration and internet applications, Architech Solutions is poised for accelerated growth. With extensive experience working with key companies such as Rogers, TD, RBC, Clarica and Roxio, we are looking to expand our team to accommodate our aggressive expansion.

We are proud to offer a dynamic, team-minded and active environment perfect for the career seeker who wants to grow with a company with an excellent reputation within the technology industry and with its clients. We are committed to our team, our customers and the excellence of our service and are passionate about innovation and continual growth. Architech Solutions provides this viable employment opportunity for the experienced, career-minded individual with impeccable work ethic and commitment to delivering results.

WHAT WE'RE LOOKING FOR:

Architech Solutions is seeking a Web Developer to work in our core agile development team to build tailored solutions using cutting edge web development tools and technologies.

Your experience with a broad range of web application development tools and techniques, and your demonstrable skills with building great user experiences and integrating web apps with back-end systems are critical to your success on our team.

RESPONSIBILITIES:

- Apply your broad-based web application development expertise to create practical, innovative solutions
- Apply your excellent communications skills, creativity and practical knowledge to benefit our clients and Architech Solutions
- Interact directly with Architech Solutions' partners and clients
- Efficiently implement clean, maintainable, testable software
- Maintain clear communications with all stakeholders throughout project lifecycles
- Interact with Software Engineers/Developers to integrate with backend services and enterprise systems

- Provide work effort estimates
- Participate in agile project execution

QUALIFICATIONS, SKILLS AND COMPETENCIES:

You should fulfill most of the following requirements:

- University degree/diploma in computers, engineering or equivalent training/experience
- 3 – 5 years designing/implementing interactive, data-intensive Internet applications
- Solid understanding of semantic layout techniques, JavaScript and JavaScript frameworks (jQuery, Prototype)
- Experience with Groovy and Grails would be an asset
- In-depth knowledge of DOM, HTML and CSS
- Fluency in Adobe CS and related front-end development
- Experience with RIA technologies (AJAX, Flex, Flash)
- Experience with modern browser support and accessibility
- Experience with Web Services (including SOAP, XML, XML Schema, JSON, open APIs and/or REST)
- Experience with Java and J2EE/Java EE (including servlets, JSP, JSF, JDBC)
- Experience with one or more of the following RDBMS: Oracle 10g, MySQL 5.x, SQL Server 2005/2008 coupled with a solid understanding and experience with SQL
- Experience with Eclipse, SVN and QA tools
- Fully fluent in both written and spoken English with good written and verbal communication skills

We would like to thank all applicants for their interest in this position; however, only those selected for an interview will be contacted.

Architech Solutions is committed to keeping our team members current with all of the technologies and systems that are pertinent to their work. Our senior leaders strongly believe in providing all tools and training needed to keep you up to speed.

Architech Solutions is an Equal Opportunity Employer and values a diverse workforce. We are committed to fair and equitable treatment of all applicants and team members.
